

The Culture Code

BE AWESOME

No matter your role or responsibility, be awesome at it. Be your word. Go the extra mile. Be a World Champion at your role.

ALWAYS 'YES'

We default to saying yes, and we hate saying no. There is always a solution, you might just need to work hard to find it.

POSITIVITY

Be happy. Enjoy your job. Help each other out. Make someone's day. Smile.

DOT YOUR i'S

Data integrity and accuracy is everything to our customers. Be as accurate as our calibrators, in every area of your role.

STAY BECAUSE YOU WANT TO

Love Mondays. Grow with us. If you don't love your job, and just want the paycheck, there are less demanding alternatives than us.

OWN IT

Own every task and role, big or small. Execute as if you own the place. Be accountable.
